

## Build It Up!

Lesson Title: Break It Down!

Page 1 of 2

Name: \_\_\_\_\_

1. What is the purpose of your machine?

---

---

---

---

2. What kinds of parts did you use to build it?

---

---

---

---

3. Why did you decide to use these parts together?

---

---

---

---

4. Are all the parts necessary for it to function well?

---

---

---

---

5. What are the different ways that this machine might fail?

---

---

---

---

**Build It Up!**

*Lesson Title: Break It Down!*

*Page 2 of 2*

Name: \_\_\_\_\_

6. How hard would it be to repair if it did fail?

---

---

---

7. What kinds of difficulties did you have in building it?

---

---

---

8. If you could start all over again, what would you do differently?

---

---

---
