

Designing Models and Systems

Lesson Title: Bottled Model Lungs

Page 1 of 1

Name: _____

Draw a quick sketch of the respiratory system based on what you know right now.

Review the models of the respiratory system at the websites below. Afterwards, use what you learned to revise your sketch above.

- **Inside the Human Body: The Respiratory System**
http://www.lung.ca/children/grades4_6/respiratory/how_we_breathe.html
- **Welcome to the Respiratory System**
<http://tjunior.thinkquest.org/5777/resp1.htm?tqskip=1>

As you build your own model, write down any thoughts you have about the process. Include feedback you get on your model from other students.
