

Modern Technology and Farming

Lesson Title: Modern Technology and Farming

Page 1 of 1

Name: _____

Explore the 4-H Virtual Farm website to answer the following questions.

4-H Virtual Farm:

<http://www.ext.vt.edu/resources/4h/virtualfarm/main.html>

1. What farm is your group studying?
2. What kinds of living things do you find on this farm?
3. What forms of technology do you see on this farm?
4. Pick three forms of technology that you see and describe what aspect of farming you think farmers use them for.
5. Are these technologies making farming easier? How?
6. Can you think of any drawbacks to farmers using these technologies?
7. What do you think farmers did before these technologies were invented?
