

You & Your Skin

Lesson Title: Skin Care: Acne

Page 1 of 1

Name: _____

Go to the *You & Your Skin* resource at

<http://www.sciencenetlinks.com/skindeep/yourskin/yourskin.html>

When you are finished, answer these questions.

What does your skin do for you?

How are the epidermis and subcutaneous tissue different?

What is melanin? In which layer of skin can it be found?

What is the best way to treat insect bites?

What is the best way to wash your face, with your hands or a towel? Why?

What are some ways to keep you skin healthy?
